

## **VOLUNTEERING**

### 1. Travel

The travel distance represents the distance between the place of origin and the venue, whereas the amount covers the contribution to the travel both to and from the venue.

### 2. Management costs:

These are management costs such as planning, finances, coordination and communication between partners, administrative costs. Management costs amount to EUR 238 per participant. For Volunteering Team activities, this amount is fixed at EUR 125 per participant.

### 3. Organisational support:

These are costs directly linked to the implementation of volunteering activities (e.g. preparation, monitoring and support of participants, validation of learning outcomes) and costs linked to the subsistence of participants (e.g. boarding, lodging and local travel). They are set as daily rates per participant, which are detailed in the following table:

<sup>1</sup> <https://erasmus-plus.ec.europa.eu/resources-and-tools/distance-calculator> For example, if a person from Madrid (Spain) is taking part in an activity taking place in Rome (Italy), the applicant will a) calculate the distance from Madrid to Rome (1365,28 KM); b) select the applicable travel distance band (i.e. Between 500 and 1999 KM) and c) calculate the EU grant that will provide a contribution to the costs of travel of the participant from Madrid to Rome and return (275 EUR).

6. Language learning support:

This rate is applicable only for cross-border activities lasting 60 days or more, and only if the language of the host country or the language used in the context of the activity is not covered by the Online Language Support (OLS), or if the participant needs further levels than those provided by the OLS in that language: EUR 150 per participant.

7. Preparatory Visit

Costs linked to the implementation of the preparatory visit including travel and subsistence. Contribution on the basis of unit costs. 609 EUR per participant per preparatory visit. Based on the number of participants, including accompanying persons. A maximum of 2 participant per participating organisation can be funded per activity, provided that one of them is a young person with fewer opportunities who will take part in the volunteering activity.

8. Exceptional costs

100 % of eligible costs:

- Visa and visa related costs, residence permits, vaccinations, medical certifications, clearance requirements costs
- Costs connected to personal insurance for in country activities
- Reinforced mentorship in order to support the participation of young people with fewer opportunities, i.e. the preparation, implementation and follow up of tailor made activities. Applicants must justify that the standard funding rules ("Inclusion support" unit cost per day per participant) do not cover at least 80 % of the costs incurred.
- Costs incurred by organisations to support the participation of young people with fewer opportunities on equal terms as others related to reasonable adjustments or investment in physical assets.
- Costs related to accompanying persons.

If awarded, the exceptional costs to support the participation of young people with fewer opportunities will replace the inclusion support grant.

80 % of eligible costs:

- Costs for providing a financial guarantee, if the National Agency asks for it (80 % of eligible costs)
- Expensive travel costs for participants (e.g. from and to outermost regions), including for the use of cleaner, lower carbon emission means of transport which result in expensive travel costs (80 % of eligible costs). Applicants must justify that the standard funding rules (based on unit costs per travel distance band) do not cover at least 70 % of the travel costs of participants. If awarded, the exceptional costs for expensive travel replace the standard travel grant.
